Information Sheet on Registering for a Credit Suisse Company Place at a Child Daycare Facility

In order to register for a Credit Suisse company place, the following conditions must be met:

- ☐ At least one parent must be a permanent employee of Credit Suisse AG (no F-PID)
- ☐ Both parents must be employed or one parent is a student

Please note:

- ☐ Parents with a gross annual household income of less than CHF 150,000 can apply to Credit Suisse retrospectively for financial support. These credits are paid with your salary and are subject to statutory and compulsory deductions. Further information can be found on the Child & Elder Care Switzerland intranet page.
- ☐ Parents who have more than one child in a child daycare facility and whose gross annual household income is less than CHF 200,000 can apply to Credit Suisse retrospectively for a sibling discount.
- ☐ The percentage entitlement to a daycare place is calculated as the percentage amount of the parents' combined working hours that exceeds 100% of the working hours of one full-time position. Example: 60% (mother) + 80% (father) = 140%. The family is entitled to 40% of a daycare place. In the case of single parents, the child care entitlement is equivalent to the contractual working hours.
- ☐ The entitlement to a Credit Suisse company place ceases upon termination of the employment relationship between a Credit Suisse Group company and the employee. The employee is obliged to inform the head of the child daycare facility immediately if the employment relationship is terminated, regardless of whether the relationship was terminated by the employee or by Credit Suisse.

If you have any questions, or for financial support, please contact:
Credit Suisse AG, Child & Elder Care Switzerland (email: childcare.cs@credit-suisse.com).
